SYSTEMS SECURITY

SAISS-087/88
29 December 1988

MEMORANDUM FOR THE MEMBERS AND OBSERVERS, SUBCOMMITTEE ON AUTOMATED INFORMATION SYSTEMS SECURITY (SAISS) - ACTION MEMORANDUM

SUBJECT: CALL FOR PAPERS FOR THE 12TH NATIONAL COMPUTER SECURITY CONFERENCE

1. Attached for your consideration is information regarding topics for papers to be submitted for next year's National Computer Security Conference. Please note that all papers must be received by the indicated point of contact **no later than 17 February 1989.** We are providing this information to you now instead of at the next SAISS Meeting on 08 February 1989 due to the short turnaround time.

2. I encourage you to review the list of topics. As these topics are of high interest to the computer security community, a paper containing firsthand knowledge in one of these specific areas from you or someone in your Department or Agency would be extremely beneficial to those who participate within this conference.

3. If you have any questions, please contact the SAISS Executive Secretary at (301) 688-7355/7736.

LAWRENCE G. MARTIN
Executive Secretary
